

At Frozen Food Express, we understand that accuracy and efficiency are essential in your shipping process. That's why we've implemented a **Pallet Placard Program**—now a **required part of all shipments**—to help keep your freight moving smoothly and reduce OS&D claims.

Proper labeling reduces OS&D claims, prevents delays, and ensures a smoother shipping experience. Enroll Today!

What is a pallet placard?

A pallet placard is a label or tag applied to each pallet in your shipment. It includes key shipment information like destination, pro number, and barcode—making it easier for freight to be processed accurately and efficiently at our docks.

- ✓ Reduces OS&D
- ✓ Improves delivery accuracy
- ✓ Speeds up dock turnaround
- ✓ Minimizes handling errors
- ✓ Enhances customer confidence

You have two easy options to access your pallet placards:

1. **Download on Demand:** Visit www.ffeinc.com, navigate to the Customer drop-down, and select My Documents to download placards anytime you need them. (Must be registered for access)
2. **Automatic Email Delivery:** Sign up to receive pallet placards automatically via email once your order is entered into our system—no extra steps are required.

To enroll or learn more, contact your local [FFE service center](#) or [sales representative](#), or submit a [web support request](#), or visit www.ffeinc.com to [register](#) today! On the Registration page, select Pallet Placard under the Auto Alert section.

Clear labeling leads to faster service and fewer errors. We're here to help you ship smarter, every step of the way.
